To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

James is able to read to his friends.

This young girl fell in love with the children

Tonka's are the most favorite toy.

A way for the children to cool off in the terrible heat

*Dear Welcome Home Friends and Family,*

This past month a group of us traveled from California, Michigan and the Netherlands to the home to minister to the children and monitor the progress on the clinic. The home and the children are doing really well. It was a joy to spend time with the children. We ended up making some plans for clinic expansion. The place is looking wonderful; the building is not quite finished because the finer wooden details by hand (windows and screens). Remember there is no Home Depot there so all the planning and preparation is done by hand once the "green" timber has dried out enough to use.

In all my years going to Uganda since 2003 this was the worst heat and humidity I have ever experienced. It was quite tiring as it was hard to get a good night's sleep. The rains have started so it is a little cooler and it is now time for the locals to plant their vegetable gardens for family food.

Last year "Bebeboo" company gave us a gift of some of their diaper cover product and also sold us more wholesale. Our staff really appreciates them as they are so easy to use, can adapt to the size of the child and last very well, plus keep the bed dry. Thank you Thea for your generosity.

To Mike and family thank you so much for the new Tonka trucks with the Sturdy wheels you put on them. They are much loved by all the children

Thank you all for your love and support that touches the lives of so many in desperate need.

*Blessings from Mandy, and Your Welcome Home Family.*
