To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

Sarah a new admission who is HIV positive.

Apart from Tonka Trucks this is the favorite toy  
Dear Welcome Home Friends and Family,

Uganda is on lock down again because of a new more aggressive strain of COVID 19 that came in from India. Because of this my trip to Uganda and the team that were coming had to be cancelled. The home is once again closed to outsiders. All travel within the country is restricted.

This past month we welcomed two new babies, both needed rescue as they had no one to care for them. Pictured on the left is Mumma Rita holding Sarah. Sarah's mother is mentally ill but we will try and get her into a facility to take care of her mental health needs. The father is unknown and the grandma is not able to take care of Sarah. We pray as Sarah ages she will become HIV Negative.

Moses on the right is a miracle baby. He was stabbed by his mother and thrown down a pit latrine. The police rescued him and took him to Jinja Hospital to heal his wound, then transferred him to us to care for and find a safe future for him. What a start to life! Please pray for him.

Pictured on the left is our head gardener Richard, –very happy to now have a pickup truck so he can better service the 3 Welcome Home compounds - the babies home, guest house and medical clinic. His next major project is to establish an orchard and vegetable garden at the clinic to help supply nutrition to the malnourished village children.

Thank you so much for your love and support.  
*Blessings from Mandy,  
and Your Welcome Home Family.*
