To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

2023

Our new abandoned baby Leah.

Leah who is healthy has been well cared for.

Joseph, Sharon from SOS to see Ja Ja & mum .

Christmas was a wonderful time of celebration..

*Dear Welcome Home Friends and Family, Happy New Year!!!!* Thank you all so much for your notes of encouragement and your love and support over this past year. It means a lot to us. It has been a very full year with much happening within the ministry. The home has been humming along like a well oiled machine with a lot of now healthy happy children who most of the times are full of joy. As we have closed out 2022 we say that the Lord has sustained us by his grace.

The village ministry, churches and clinic are all making an impact in people's lives and are softening the people's hearts to the Lord. We are waiting on the Government to declare Uganda Ebola free.

There is a new girl in the home named Leah who was abandoned on a persons veranda. She had been well cared for. The parents are unknown.

Joseph and Sharon who moved from Welcome Home to SOS (the extension orphanage) spent a few days with us while we helped connect them to the Ja Ja and mum for the Christmas break.

Little Timothy, now known as Levi (as there were 2 Timothy's in his family) has been back with his adoptive brother Big Timothy to visit with his Biological family. Levi was adopted because of his serious heart condition into a wonderful family who walked with him through many scary open heart surgeries. They helped him reach out to his Ugandan family which has been exciting for all of them

Sincerely we thank you for all your love and financial sacrifice to help us with the ministry. *Without you we could not impact the lives we do.*

*Blessings from Mandy, and Your Welcome Home Family.*
