To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

Aisha no more colostomy to deal with!!

## Dear Welcome Home Friends and Family,

We are seeking to make a difference in the lives of the village people in Lwambogo area. Many of the needy children in Welcome Home now and over the years have come from this area. We have a church we are connected to, Medical Clinics that we facilitate every 1 or 2 months (up to 400 cases).

Jessica, before and after surgery (to remove the tumor).

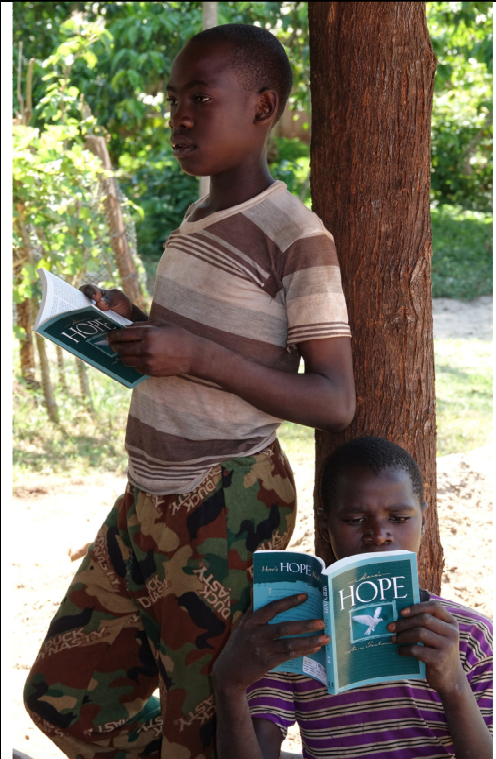

Now we have a Vocational Training School there that was built by Mandy's Church in California. We want to give opportunity for young and old to learn job skills to improve their lives by working.

We are praying that the investment into families will greatly improve the lives of the children. Local Ugandan business men are partnering with us in the training of the students at the vocational school. To start, there is sewing, motor cycle mechanics, carpentry and also construction. Other classes will be added in the future. All this is so the children avoid desperate circumstances.

Please don't forget *amazonsmile*
