Dear Welcome Home Friends and Family,

This has been another month where the staff have to steady their hearts when little ones they have come to love dearly are returned home to family. It is a bitter sweet victory. It is wonderful that the family are now in a position to look after their child. We do our best to help them. This group went home with goats for the family to be able to breed and sell so as to help with the family income especially for school fees. Please pray for these little ones as they resettle in their families. Pray that their families would love them and look after them very well and that whatever work they are doing for income would prosper. Jeremy is ready for home as well. We are putting a roof on the new home his dad has built to receive him.

We have been having several foster families in and out of Uganda this last 3 years as they try and satisfy the courts as to the length of stay with the new law. This whole process is extremely taxing on the adopting family emotionally and financially and puts their work in jeopardy. It is even worse on the children while they wait for the process to complete because they are growing up back and forth from parents and the home. Please pray for them.

We are having to seriously look at what is the best way to secure a safe future for the abandoned children and for those who do not have a family that is able to safely care for them. Please pray!!

Thank you to all who partner with us. Without you sharing the burden the load would be too heavy

Blessings from Mandy, and Your Welcome Home Family.
