## Dear Welcome Home Friends and Family,

Our children are changing and growing continually. Here are some new faces of little ones who have just recently come to us. They are learning to trust us for the love and the care and protection they so desperately need. We appreciate getting them before they are in severe desperate situations of great suffering. No little child should have to suffer just to exist. Even though these little ones lives have not been that of desperation, it's not been easy for them.

Above: the sports outfits for the children's new school.

Above: the new formal uniform for the children's new school.

We have been blest to find a new school that we think will best suit our children's needs in very close walking distance to the home. As they grow it is best for the children to graduate our pre-school and attend a local school. It helps them learn to interact with others outside the home and have a chance at a higher education.

Once again we want to thank you for your faithful part in helping us care for all these children. Without you it is impossible.

## *Blessings from Your Welcome Home Family*
