

Welcome Home Ministries – Africa April

To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

2020

Sarah and Claire off to their new home.

Sarah and Claire with their forever siblings.

Emma & Precious, on last plane out of Uganda

A village child who looked like death a week ago.

Dear Welcome Home Friends and Family,

What a lot can happen in just a few short months!! The whole world has been thrown into chaos with the pandemic that has overshadowed the Locust plague that has been ravaging Africa.

At Welcome Home we have closed our doors to all visitors and are trying to keep the children and staff safe and healthy. Uganda does not have the medical infrastructure to be able to handle a run away pandemic. We are praying for a miracle of mercy for Uganda and the rest of Africa.

On a much happier note we have had a major celebration after many years of stress, heartache and battles. **The completion of the adoption of four children into two forever families departed Uganda on the last flight out on the 25th March - a joy to celebrate!!!** We also honor the families for the great sacrifices they have made to become the parents of these children putting their personal lives on hold for years. We pray God's best for you all.

At the same time we have new little ones coming in and sad to say this past month we lost a little girl named Sarah. She was HIV positive & had pneumonia. Her mother lost her battle for life when her daughter was born. Please pray for the family.

I don't often talk to you about money but in these uncertain times we ask those of you who can to help extra with our finances, as many people have lost their work and can no longer help support the children. Thank you for supporting the children.

My normal April trip to the home along with a team has been cancelled because of the COVID19 virus. It is not wisdom to travel at this time.

**Blessings from Mandy,
and Your Welcome Home Family.**

Remember <https://smile.amazon.com/ch/33-0627579>

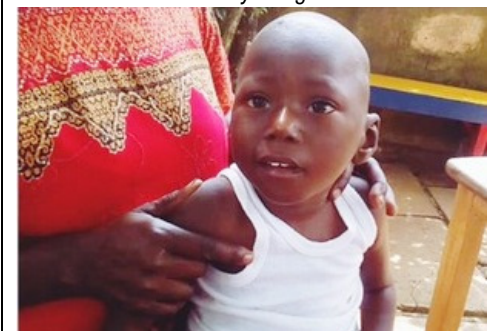

Malnourished handicapped village boy.

Same boy filling out.

The same child improved with medical care.

Same boy – no longer stressed by starvation
