

Welcome Home Ministries – Africa

January 2016

To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

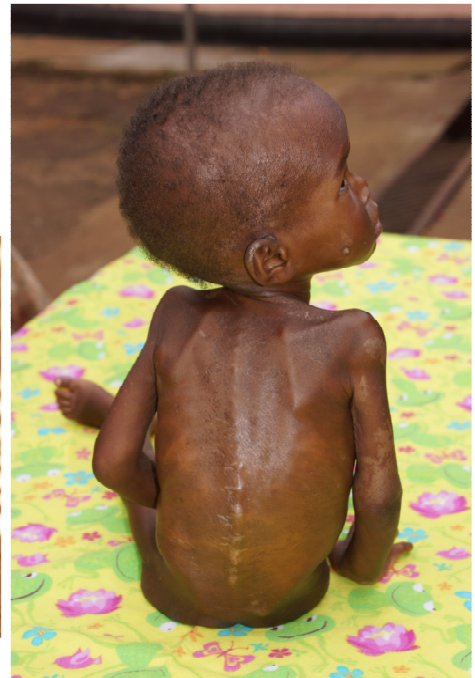

Above 1st October 2015 Below 1st December 2015.

This dear young girl was admitted 1st Oct 2015, in a failing condition. A picture can speak a 1000 words and these show the **before and after** difference very clearly. It is not always possible to have such a clearly contrasting group of pictures. Her health is restored and she is back on track for a healthy happy future.

All these 6 pictures are of the same little girl!!!

Dear Welcome Home Friends and Family,

We celebrate the New Year sharing with you one of the joyous victories of 2015. Thank you for partnering with us to make this and other miracles happen!!

We are truly thankful for your help. We are in Jinja Uganda to reduce the suffering of children and enable them to have a safe healthy future. Many are able to return home to their remnant village family. This past year many such children returned home and doing very well when checked on by our social workers. Oscar is one of them we were all worried about. He is doing well at home, adapting to village life being looked after by his grandparents. We have had many go to family, and will have new ones coming in soon.

Every 2 months we continue with medical clinics in Lwambogo village, helping many sick children. The young boy with the snake bite on his leg is completely healed now. No skin graft was needed.

The children at the home are in good health having just benefited greatly from a month long working visit from Pam and daughter Tabitha- Two great volunteers who

finished off their time with a big baking spree of cakes and cookies for the Christmas celebrations. Thank you!!

A Very Happy New Year to you all !!!

Blessings from Mandy and Your Welcome Home Family
