

# Welcome Home Ministries – Africa July

“To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms.”

2010

## Dear Welcome Home Friends and Family,

For you to have a good idea of what our home is like the best way I could describe it is as busy as a hive of very industrious worker bees. Our compound is small but very well utilized. There is no wasted space within the facilities or out in the grounds. The grounds are well shaded with lovely big trees that make it nice for the children. There are three different play areas for the children according to their age and also their health.

**Resty N. returns home** to family in the village with three breeding goats to help fund her future schooling. (Picture on the left)

**Barclays Bank we thank you!!!** The Barclays staff came and delivered sacks of posho (corn meal), beans and rice and a very special treat of soft drinks for the children. (Pictured on the left)

**See the Signs of starvation** disappear over 2 months of changes – shown in the 3 picture on the right.

**Our new school room** donated by Dutch supporters makes life a lot easier for our teacher Christine. She is pleased to have her own classroom so there will be a lot less distractions. The windows are up high so that the children can't see out and be distracted. The tables and chairs are daily borrowed from the dining room for the school as numbers are high. School furniture is coming soon.

Hope our Social Worker (on left) accompanies **Joanita** on her return home

**A secure future for Joanita.** She come in badly burnt April 2 years ago has returned home to her reconciled family. In the above picture they are standing in the dad's chemist shop that he trained for and started from a Micro Loan that he was given so he could prepare financially. WHMA mum Sylvia went to say goodbye.

**Village Ministry - new self supporting team:** Pray for **Jose and Sol** who have settled into their home just a kilometer away. They are enclosing an area between their house and the guest house to facilitate seminars (including health) for village pastors.
