**Dear Welcome Home Friends and Family,**

Over the past few years we have had children needing to be moved to a new home as they were aging out (we are licensed to 6 years old). These are the ones that could not transition safely back into the village or be adopted. We could not find a children’s orphanage with space for more, and then we had a nice surprise in February when a good organization came to us asking if we had some children available as they had many older children fully graduate from their home. **What an answer to prayer!!!** It was bitter sweet for us all when 12 of our children graduated from Welcome Home to a wonderful new future with security, love and a great education. **Not alone but with 11 friends !!**

When you buy a new **washing machine in the West** you just go buy it and have it delivered and installed in a day or two. Not so for us. Ordered in November to come over the ocean from Europe, arrive in Mombassa Kenya, then clearing Kenyan customs, trucked to Kampala Uganda and then clearing Ugandan Customs and Duty. Meanwhile (see the pictures of our preparation) we re-roofed the building, excavated and installed a very sturdy laundry room floor, boosted the plumbing pipes, and made a much bigger door. The staff love the new machines and want you to know they are very thankful for your donations that made it possible.

I am so thankful to all our prayer, financial and many other areas of support partners. Without you we are not able to touch the lives of the people in Uganda. The majority of them being the vulnerable little children who are in great distress and need.

**Blessings from Mandy,  
and Your Welcome Home Family.**
