To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

2019

These two had so much fun as firemen.

This was dress up day for the bigger children.  
**Dear Welcome Home Friends and Family,**

This past year we have at least tripled our efforts to get the children's minds and lives stimulated so that their ability to learn is maximized. We have Lillian whose job is fully about child development. It is easy to see the improvement in the children. We have an outside tutor come in on the weekends so there is not a day that our school children are not being challenged. They are enjoying their new skills. Some are reading well.

I put out a call for dress up clothes and now have a trunk full so they can fun being creative in the different outfits. We do need some more for boys outfits as some of them resorted to ladies Spanish Dancer dresses. They all had a wonderful time.

We were eagle eyes on all the big babies and up to the big children when they had a swim in a portable pool I was able to take over. They loved splashing each other and did not want to get out.

It has been great to see some good growth in the staff in response to some training they have been getting through a team of volunteers from Indiana. Thank you Pam and family for your loving service - it has made a real impact.

This past month of April we had a team from Michigan and a gal from California. The children were really touched by their love, kindness and prayers. It takes love and prayers to heal their broken hearts. Many of the children have come from very rough hurtful backgrounds. Abandonment and rejection scar their little lives. Only God can heal.

We are fast coming up to the mid year where we often struggle financially. We ask that you continue to remember us with your financial gifts.

Thank you all so much for partnering with us  
**Blessings from Mandy, and  
Your Welcome Home Family.**
