To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

This past 6 weeks has brought to us many new children who have been abandoned and some also neglected. Along with the police we search for the abandoning family. All face the legal consequences for their behavior and often spend time in jail. Knowing there could be jail time pushes them hide or flee the area. Some we never find. Others go to jail. After jail time we seek to help establish a solid foundation in the family so the return home of the child can be considered. Those who cannot return home are placed for adoption or fostering. All need a family to love them.

Above: Learning to trust.

Above: daily classes bring a lot of nurture and love.

Our main task is to see them healed physically and emotionally so that their future has hope in it. Such deep rejection is hard to overcome but with love and prayer we see where we can impact their lives.

Your love and support for the hurting children of Uganda is really appreciated. It is impossible for us to meet the needs of these children without you joining us with your hearts of compassion and financial gifts.

Thank you!! You make new life possible.

Blessings from Mandy and Your Welcome Home Family
