

To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

Above: Failure to thrive - 6lb 4 oz. @ 3 1/2 months old

Above: Suffering / pneumonia and severe anemia..

Above: After blood transfusion for 4.2 Hemoglobin.

Above: Many of our older children on a visiting police car.

Dear Welcome Home Friends and Family,

July saw a speed up in the repair work being done by the Mahdvani Group, the Landlords of the home. Once the city councils signature was in, they were free to rip and tear. Since all the floors are out because there was no foundation just clay and all plumbing exposed they are adding more toilets and showers. The projected finish date for all repairs is mid September. We really appreciate the work they are doing to restore the home to a good workable safe condition.

This month we have been helping many malnourished children in the village. Some get the formula they need, others antibiotics and a supply of food like 2 cups fresh milk a day, an egg a day, and handful of peanuts a day and a tablespoon of a nutritious mix of peanut butter oil and powdered milk. We are teaching the families about nutrition. It is hard when you have no income to supply good food. The little girl in the 2 bottom left pictures was very close to death with Pneumonia and Anemia till she was given a blood transfusion to boost her Hemoglobin that was only 4.2.

We visited the 83 year old Ja Ja at her new home our village team built for her and were able to give her a mattress, mosquito net and sheets and blanket. She is so very appreciative and is full of joy.

We care for many children in the home, and we also many in the villages. This strains us financially but is very effective in reducing suffering and saving the lives of these precious children. Village treatment is more cost-effective than at the Babies Home

I am always facing the need for more funds for the children. Do you have friends who you could ask to help in this humanitarian work?? As funds permit, we help ALL needy (without regard to religious identity).

Blessings from Mandy and Your Welcome Home Family
