Dear Welcome Home Friends and Family,

The summer months bring us many many visitors to the home from all over the world. This year we have had visitors from UK, The Netherlands, Australia, USA, Canada, China and Italy. We thank all of you who have come and poured out your love to our children. It makes a lasting impact into their young lives. Some come for a day or days, but several come for weeks or months at a time working hard every day.

The children are often so very bankrupt emotionally in the area where love and nurture should have been a part of their lives. It takes all of us to help them recover, pouring love and nurture into their little hearts. It is very visible to see in their eyes and countenance when this starts to build. They sometimes change very dramatically. It is a joy to watch the transformation.

We have children going home and new needy ones coming in. Thank you that you help us be there for these suffering little ones. This ministry is your heart extended to children without hope for survival. You help give them a much brighter future.

Thank you for your continued love and support.

*Blessings from Mandy
and Your Welcome Home Family*
