Above: Village child after surgery - recovering!

Above: at 18 Elliot has TB (in ribs & lungs).

## Dear Welcome Home Friends and Family,

Welcome Home continues on like a well oiled machine. There is a daily schedule for each department that you could set your clock by. It is this consistency that helps keep the children secure and happy. Except for a bunch of colds with runny noses **the children are healthy and full of spunk** able to enjoy the several "tours" they did with Mummy Mandy exploring the Jinja area.

**Oscar** had extra help this past month from volunteer Karissa pushing his exercises throughout the day. We have been putting his good arm in a sling so he can't use it so he will use the weaker one to do more. He also has a leg splint and is standing more.

**Medical clinic twice a month:** We launched a new aspect of the village ministry in July to help alleviate the suffering of children in 2 villages where we minister a lot. Two of the local doctors at the clinic we use have volunteered to each donate a day a month. **Val, in above picture** (she did her nurses training with Mandy in Australia) is helping head it up. On our first day we saw over 70 needy children, some in desperate conditions like Elliot (on left).

Thank you so much for your help during these summer months when the financial struggles are even greater.

## Blessings from Your Welcome Home Family
