To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

## Dear Welcome Home Friends and Family,

We are so thankful that all our children continue in good health.

Featured Pictures: Above, Jason of Healing Faith partners with us in the village work, focusing on children's health. Top right is a village mum with her two young children. The one looking over her shoulder is a hydrocephalic (water on brain) baby. This baby is one of many that we pay the transportation to Cure Hospital for surgery and follow up visits. (Early surgery averts permanent brain damage). Above left Oscar our little hydrocephalic who came to us late at 9 months. Since his surgery he has done well but needs a special adoptive family who can provide him a loving home and the needed professional physical and speech therapy that we cannot provide. On his last visit back to Cure Hospital in May they were still very impressed with his progress (we try!).

Annemie (pictured bottom right) one of our main volunteers from Holland, has produced a professional quality photo album (She took all the beautiful pictures used in this newsletter). If you are interested in purchasing this album, please contact Mandy.

Thank you so much for your help during these summer months when the financial struggles are even greater.
