Dear Welcome Home Friends and Family,

There have been enough rains in some areas to break the year-long drought in parts of Uganda, but other areas still need good gentle rain. The drought is still causing many farming families to struggle. Please pray for rain - lives depend on it for food.

Please pray for Mawa Jackson who is our right hand man and pastor in Lwambogo village. He is having serious issues with diabetes.

Don't forget to order the book "Redeeming Ruth" Written by one of our adoptive mums named Meadow (available via Amazon). A very good read!

Please enjoy our pictures of volunteering. As you pour love into the children and invest in their lives you get so much love poured back to you.

Mike from California being mobbed on the swing.

The home is very, very full of children. They are wonderful little people from newborn to eight that we (and you) invest in. We search out their futures to ensure they have the best chance in life. Many of their families we help (microloans and guidance) to have a small business to provide income.

We have finally found a technician in Kenya to come and estimate what it will cost to service and repair our Alliance washing machines (donated by Samaritans Purse years ago). A big thank you to people who have helped financially toward this. The car from the accident has been repaired. We are making progress on the practical things still needing work around the home. The water tank stand is now repaired and safe, but we still need radiator and brake repairs for 2 of our vans.

Please don't forget amazonsmile
